## B. AUTHORITY

[Virginia Code Section 23-2.3, as amended](#) grants authority to the Board of Visitors to establish rules and regulations for the institution. Section 6.01(a)(6) of [Board of Visitors Bylaws](#) grants authority to the President to implement the policies and procedures of the Board relating to University operations.

## C. DEFINITIONS

The Coordinating Team may include designated parties from the following areas based on ~~the~~ specific dynamics of the situation: Department of Human Resources, the Office of Institutional Equity and Diversity, the Office of the Provost, University Counsel, ODU Police and such others that may be necessary to determine the appropriate course of ~~acti~~.

Fitness for Duty (FFD) Possessing the physical, emotional and mental capacities to safely and effectively perform the essential functions of an ~~employee's~~ job, with or without reasonable Americans with Disabilities Act accommodation, in a manner that does not present a direct threat of harm to self or others. Fitness for duty includes, but is not limited to, being free of alcohol-drug-induced (whether or not legitimately prescribed) impairment that affects job functioning.

Fitness for Duty Evaluation (FFDE) A professional assessment of an employee's physical, emotional or mental capacities that is carried out by an independent, licensed health care provider with expertise to determine if an employee is or is not capable of safely and effectively performing his/her essential job functions.

D. SCOPE

This policy applies to all employees and employees of affiliated organizations who are paid through the University. Employees include all staff, administrators, faculty, full-time, and part-time, and classified or non-classified persons who are paid by the University (including but not limited to those who are paid by the University through a contractor or subcontractor).

A fitness for duty evaluation may address behavioral changes in an employee that may pose a potential threat to self or others in the workplace. Only the Coordinating Team may determine that a fitness for duty evaluation is necessary. Failure to comply with the recommendations or to utilize the agreed upon accommodations will be addressed as a performance deficiency in accordance with the applicable employee handbook and may result in disciplinary action up to and including possible termination from employment.

The employee's satisfactory work performance is the basis for continued employment. An employee must comply with all treatment recommendations resulting from a fitness for duty evaluation to be allowed to return to work. An employee referred for an evaluation will be prohibited from appearing for work pending the completion of the evaluation and approval for return to work. The employee may be placed on paid administrative leave pending the completion of the assessment and release to return to work. During this time, applicable leave policies shall apply.

The University complies with Federal disability law (primarily [Americans with Disabilities Act of 1990 \[ADA\]](#)). Federal law permits the University to require a health examination of an employee if the requirement for the examination is job related, consistent with business necessity and if the University has a reasonable belief that:

1. the employee's ability to perform essential job functions may be impaired by a medical condition; or
2. an employee may pose a direct threat, i.e., significant risk of substantial harm to the health or safety of self or others.

Application of this policy is not intended as a substitute for University policies or procedures related to chronic performance or behavioral problems or as a substitute for discipline.

## 2. Results of the Evaluation

The results of fitness for duty evaluations performed by qualified, licensed health care professionals shall be presumed to be valid. Results of the evaluation will be received by the Department of Human Resources. The Department of Human Resources representative to the Coordinating Team will communicate to the employee, the employee's supervisor and the department head whether the assessment results indicate that the employee is fit for duty and may return to work. [Refer to [Section 4](#) for Confidentiality.]

After an evaluation, information given to the employee's supervisor and department head shall be limited to whether the employee may:

- return to full duty;
- return to conditional limited duty;
- not return to full duty, in which case the employee will be referred to the Department of Human Resources for a benefits discussion

The University will evaluate all claims of disability and provide reasonable accommodation if a disability exists.

Any final decision leading to dismissal or sanction of an employee is grievable under the appropriate grievance policy.
